

POLICY FOR SAFEGUARDING OF VULNERABLE PERSONS

March 2014

Policy for Safeguarding of Vulnerable Persons

Although GAIN does not directly work with Vulnerable Persons, the projects and programs it funds through grants address the needs of vulnerable communities and groups. There is potential for instances of abuse to take place in the context of these projects and programs, which GAIN staff may become aware of through their project development and monitoring activities.

Through its statutory mission to save lives, improve health, productivity and cognitive function of communities at risk worldwide, GAIN is well positioned to promote good practice to those of its partners who directly or indirectly work with Vulnerable Persons.

The aim of this policy is:

- To promote the safeguarding of Vulnerable Persons directly served by GAIN's Partners; and
- To ensure that any abuse of Vulnerable Persons that occurs in the context of GAIN's projects and programs is reported and addressed.

1. VULNERABLE PERSONS COVERED BY THE POLICY

- a. GAIN believes that all children, human beings below the age of eighteen years, should be protected from all forms of abuse, neglect, exploitation and violence and adheres to the fundamental rights of the child as spelled out in the *UN Convention on the Rights of the Child of 1989*.
- b. GAIN further recognizes that vulnerable adults, persons over the age of eighteen years who are unable to take care of or protect themselves against harm or exploitation for whatever reason, require particular protection.
- c. GAIN further recognizes that both children and vulnerable adults (hereinafter referred to as the "**Vulnerable Persons**") have rights as individuals and shall be treated with dignity and respect.

2. CONTEXT

- a. While the *UN Convention on the Rights of the Child* was almost universally ratified fifteen years ago, there is still much to be done in order to ensure the relevant protection of this vulnerable group. Regarding Vulnerable Persons in

general, GAIN encourages a commitment and action of all stakeholders at national and international levels, to stop and prevent abuse.

b. GAIN considers that **abuse** is any behaviour towards a person that causes harm, endangers life or violates rights. Within this broad definition of abuse, the following subtypes of abuse are identified:

- (i) Physical abuse;
- (ii) Sexual abuse;
- (iii) Sexual exploitation;
- (iv) Commercial exploitation, including child labour;
- (v) Financial or material – stealing or denying access to money or possessions;
- (vi) Emotional abuse;
- (vii) Neglect and negligent treatment;
- (viii) Discrimination – abuse motivated by discriminatory attitudes towards age, race, religion, gender, disability or cultural background.

c. GAIN works in global development, particularly to support the nutrition needs of children and pregnant and lactating mothers. GAIN believes that encouraging the protection of Vulnerable Persons from abuse and exploitation is an important element in its mission and will advance the protection of Vulnerable Persons, where possible, through its relationships with its partners, taking into account the particularities of the development context in which GAIN operates. GAIN therefore will:

- (i) Implement in its template for agreements with partners, consultants and service providers or grantees (together “**GAIN Partners**”) a clause, which aims to encourage the adherence of GAIN’s Partners to this Policy for Safeguarding of Vulnerable Persons. The clause shall read as follows:

“GAIN believes that all vulnerable persons, meaning children below the age of eighteen years and vulnerable adults, require protection from all forms of abuse and exploitation.”

Wishing to promote the highest standards in this regard, GAIN encourages the Recipient [alternatively: the Consultant/ the Service Provider/ the Partner] to adhere to its Policy for Safeguarding of Vulnerable Persons and to promote the values and standards laid down in this Policy in its work.”

- (ii) Actively promote its Policy for Safeguarding of Vulnerable Persons by making the Policy publicly available through the GAIN website (<http://www.gainhealth.org>); and
- (iii) Provide relevant guidance to GAIN Partners when requested, aimed at the safeguarding of Vulnerable Persons.

3. VULNERABLE PERSON’S PROTECTION

a. It is the policy of GAIN that its entire staff, to be understood as its officers, directors, employees (“**GAIN Staff**”), shall adhere to the following principles:

- (i) All Vulnerable Persons have rights as individuals, without discrimination of any kind and irrespective of race, colour, sex, language, religion, political or other opinion, national, ethnic or social origin, property, disability, birth or other status;
- (ii) All Vulnerable Persons have equal rights to protection from abuse and exploitation;
- (iii) All Vulnerable Persons shall be encouraged to fulfill their potential and inequalities shall be challenged;
- (iv) The welfare of Vulnerable Persons should be safeguarded and promoted;
- (v) Everybody has a responsibility to support the care and protection of Vulnerable Persons;
- (vi) Non-profit or development organizations have a duty of care to Vulnerable Persons with whom they work and with whom their representatives work;
- (vii) If a non-profit or development organization works through partners they have a responsibility to meet minimum standards

of protection for the Vulnerable Persons in their partners' programs;

- (viii) Recognition of the importance of working in partnership with GAIN's Partners in the protection of Vulnerable Persons.

- b. GAIN's Staff shall strive to make GAIN's activities safe and caring environment(s) for all people, and in particular Vulnerable Persons.

A **Caring Environment** is one:

- (i) In which the health, safety and welfare of Vulnerable Persons have been assessed and catered for;
- (ii) In which staff is aware of the possibility of abuse and take reasonable measures to prevent that possibility; and
- (iii) Where there is a sound and known reporting system for any incident.

- c. GAIN encourages its Partners to pursue their work in the same spirit and create Caring Environment for Vulnerable Persons.

- d. Activities undertaken by GAIN shall be planned, organized and delivered in accordance with the principles of GAIN's Policy for Safeguarding of Vulnerable Persons.

- e. GAIN encourages GAIN Partners who work directly with Vulnerable Persons to develop an appropriate code of conduct that identifies the types of prohibited conduct that would cause abuse to Vulnerable Persons and which provides guidance for their staff to avoid any acts of abuse against Vulnerable Persons. In pursuing this goal GAIN recommends as a reference the resource material provided by Humanitarian Accountability Partnership (HAP), and in particular the "NGO Checklist for Developing or Revising Codes of Conduct" available at:

<http://www.hapinternational.org/pool/files/checklist-for-codes-of-conduct-27042010.pdf> .

4. PROCEDURE

- a. GAIN encourages GAIN Staff to be alert to signs that may suggest a Vulnerable Person is in need of help. GAIN also encourages the employees of GAIN Partners to adopt the same approach.
- b. GAIN shall treat any allegation or concern regarding the abuse of a Vulnerable Person seriously. The reporting procedure outlined below shall be followed strictly by GAIN Staff. In following the reporting procedure particular care shall be taken with regard to an individual's right to privacy and confidentiality when information is shared with appropriate people in the course of following up an allegation.
- c. To facilitate reporting, GAIN has designated a **Safeguarding Officer**, who shall be responsible for ensuring that the Policy for the Safeguarding of Vulnerable Persons is implemented and followed. The Safeguarding Officer is the Director, Governance and Organizational Development.

The role of the **Safeguarding Officer** is to:

- (i) Receive and register reports of abuse of Vulnerable Persons from GAIN staff or staff of GAIN Partners;
 - (ii) Collect additional information as appropriate;
 - (iii) Assess risk;
 - (iv) Consult with GAIN leadership, legal staff, program staff and Country Managers as appropriate;
 - (v) When appropriate, consult with external organizations including Partners, local agencies, and community leaders;
 - (vi) Make a formal referral if appropriate to GAIN Senior Executive (Operations) Committee, GAIN Partners or local authorities.
- d. If any of the following incidents occur, a GAIN Staff Member must make a report to the Safeguarding Officer:
- (i) Abuse is observed or suspected;
 - (ii) An allegation of abuse is made;
 - (iii) A Vulnerable Person discloses abuse;

- (iv) A complaint is made about the possible abuse or exploitation of a Vulnerable Person by a GAIN Staff member.

Upon receipt of the report, the Safeguarding Officer shall act as appropriate, following the reporting procedure as outlined above.

- e. GAIN Staff working on project development or monitoring have to be alert to possibilities of the abuse and exploitation of Vulnerable Persons. If such abuse or exploitation is observed it is the duty of GAIN Staff to inform the Safeguarding Officer. The staff member should not attempt to investigate the allegation or to discuss it further other than with the Safeguarding Officer who is responsible for further investigation and, if necessary, referral to the police and/or appropriate local authority in the jurisdiction where the reported incident has or may have taken place.
- f. GAIN encourages GAIN Partners to develop and implement a relevant protection and reporting procedure, in line with the size and complexity of their organization, based on relevant risk assessment and in observation of the international standards, as promoted, inter alia, by the Keeping Children Safe Coalition and Humanitarian Accountability Partnership.

5. PROCESS FOR REPORTING ABUSE

The Safeguarding Officer after being informed of an allegation will make a preliminary assessment and determine the course of action appropriate to the seriousness of the alleged offence. As a matter of principle, once it is decided that an alleged abuse needs to be investigated, then the Safeguarding Officer will disclose all relevant information to the Senior Executive (Operations) Committee.

The following are key steps in any process to substantiate any reported allegations:

A. Investigate

The Safeguarding Officer will consult with the GAIN managers as appropriate ; if the abuse occurred within the context of a project both the relevant Country Manager and the relevant Initiative Director will be consulted.

The allegation will be investigated and the individual(s) concerned informed of the allegations against him or her, and the course of action to be taken. At the same time the Safeguarding Officer will ensure that all information in the possession of the individual suspected is secured for investigation. If appropriate to safeguard GAIN during the investigation period, the individual alleged to have committed the abuse may be taken out of his/her position. This may mean the individual is put into another position, or put on leave with pay, leave without pay, or suspension.

B. Collect Evidence

Depending on the magnitude and the complexity of the offense, investigations will be carried out by the Country Office or where deemed appropriate, by local authorities. The involvement of external parties must be approved by the Operations Committee.

C. Report

Ensuring a report is issued on a timely basis detailing the findings and conclusions of the investigation including recommendations for action to be taken. The report will only be disclosed to those with a legitimate need to know. This is important to avoid damaging the reputation of those suspected of wrongdoing and subsequently found innocent, and to protect GAIN from potential loss of reputation and goodwill.

D. Action

In all cases the course of action will be determined in consultation with the Senior Executive (Operations) Committee and GAIN's legal staff.

6. PREVENTION

- a. There are various steps an organization can take to encourage a culture of safe workplace, and prevent or reduce the risk of harm to Vulnerable Persons – these are called preventative measures. These preventative measures aim at protecting Vulnerable Persons, the staff and the reputation of the organization in question. As GAIN does not work directly with Vulnerable Persons, GAIN may only encourage its Partners to adopt the highest possible standards in accordance with the scope of their operations and structure.
- b. GAIN encourages all GAIN Partners working directly with Vulnerable Persons and, in particular, with children, to introduce a system of checks when recruiting new staff that considers the following if appropriate:
 - (i) The same standards should be applied for paid, non-paid, short-term or permanent staff;
 - (ii) When a new job is being designed, the role and the issues of child protection and risk in that job shall be carefully considered:
 - What contact with children will the job involve?
 - Will the employee have unsupervised access to children, or hold a position of trust?
 - What other sort of contact may the person have with children (e.g., via email, telephone, letter, Internet)?
 - (iii) Developing clear job descriptions, terms of reference/role briefs for all posts including where short-term contracts or consultants are being recruited;

- (iv) The selection criteria shall outline the relevant experience needed if the post involves direct work with children and the commitment to keeping children safe is included in details of any post sent to prospective job candidates;
 - (v) Application forms that ask for consent to gain information on a person's past convictions/pending disciplinary proceedings shall be developed and documentation to confirm identity and proof of relevant qualifications shall be requested;
 - (vi) The interview process shall be well planned and the interviewers have the relevant experience and knowledge about child protection and best practice;
 - (vii) Up to three references including some from previous employees or others who have knowledge of the candidate's experience and suitability to work with children shall be taken and the identity of referees shall be verified;
 - (viii) As many background checks as possible shall be conducted;
 - (ix) The use of probationary periods of employment to ensure suitability once in post shall be considered.
- c.** GAIN encourages all GAIN Partners working directly with Vulnerable Persons and, in particular, with children, to assess the possible ways that children come into communication contact with staff, and to decide what guidance they need to follow to prevent possible abuse through digital communication such as SMS text, email, internet chat rooms, photo phones, digital cameras etc. GAIN suggests to its Partners to consider developing a code of conduct that includes guidance on good practice and safe conduct through these new technological means.
- d.** GAIN encourages its Partners working directly or indirectly with Vulnerable Persons, and in particular with children, to foster and implement guidance for staff responsible for events/activities involving children in a development context.

7. SELF-ASSESSMENT TOOL KIT AVAILABLE FOR GAIN's PARTNERS

GAIN encourages its Partners, in particular those working directly with children, to use the Civil Society Challenge Fund (CSCF) Child Protection Self Audit Tool developed to measure where the organization stands in meeting the standards on making children safe, and where it may need to improve. The tool is annexed to this Policy as Annex 1.

ANNEX 1

Child Protection Self Audit Tool

Please note certain parts of this introductory text have been removed as not relevant to providing guidance for GAIN and GAIN Partners.

This self-audit tool has been developed as a way of measuring where your organisation is in relation to meeting the standards on making children safe, and where you need to improve.

The checkpoint questions below are designed to draw out the minimum requirements that all agencies committed to protecting children should be striving to meet. 12. PROCESS FOR REPORTING ABUSE

The Safeguarding Officer after being informed of an allegation will make a preliminary assessment and determine the course of action appropriate to the seriousness of the alleged offence. As a matter of principle, once it is decided that an alleged abuse needs to be investigated, then the Safeguarding Officer will disclose all relevant information to the Senior Executive (Operations) Committee.

The following are key steps in any process to substantiate any reported allegations:

E. Investigate

The Safeguarding Officer will consult with the GAIN managers as appropriate ; if the abuse occurred within the context of a project both the relevant Country Manager and the relevant Initiative Director will be consulted.

The allegation will be investigated and the individual(s) concerned informed of the allegations against him or her, and the course of action to be taken. At the same time the Safeguarding Officer will ensure that all information in the possession of the individual suspected is secured for investigation. If appropriate to safeguard GAIN during the investigation period, the individual alleged to have committed the abuse may be taken out of his/her position. This may mean the individual is put into another position, or put on leave with pay, leave without pay, or suspension.

F. Collect Evidence

Depending on the magnitude and the complexity of the offense, investigations will be carried out by the Country Office or where deemed appropriate, by local authorities. The involvement of external parties must be approved by the Operations Committee.

G. Report

Ensuring a report is issued on a timely basis detailing the findings and conclusions of the investigation including recommendations for action to be taken. The report will only be disclosed to those with a legitimate need to know. This is important to avoid damaging the reputation of those suspected of wrongdoing and subsequently found innocent, and to protect GAIN from potential loss of reputation and goodwill.

H. Action

In all cases the course of action will be determined in consultation with the Senior Executive (Operations) Committee and GAIN's legal staff.

13. PREVENTION

- e. There are various steps an organization can take to encourage a culture of safe workplace, and prevent or reduce the risk of harm to Vulnerable Persons – these are called preventative measures. These preventative measures aim at protecting Vulnerable Persons, the staff and the reputation of the organization in question. As GAIN does not work directly with Vulnerable Persons, GAIN may only encourage its Partners to adopt the highest possible standards in accordance with the scope of their operations and structure.
- f. GAIN encourages all GAIN Partners working directly with Vulnerable Persons and, in particular, with children, to introduce a system of checks when recruiting new staff that considers the following if appropriate:
 - (x) The same standards should be applied for paid, non-paid, short-term or permanent staff;
 - (xi) When a new job is being designed, the role and the issues of child protection and risk in that job shall be carefully considered:
 - What contact with children will the job involve?
 - Will the employee have unsupervised access to children, or hold a position of trust?
 - What other sort of contact may the person have with children (e.g., via email, telephone, letter, Internet)?

- (xii) Developing clear job descriptions, terms of reference/role briefs for all posts including where short-term contracts or consultants are being recruited;
- (xiii) The selection criteria shall outline the relevant experience needed if the post involves direct work with children and the commitment to keeping children safe is included in details of any post sent to prospective job candidates;
- (xiv) Application forms that ask for consent to gain information on a person's past convictions/pending disciplinary proceedings shall be developed and documentation to confirm identity and proof of relevant qualifications shall be requested;
- (xv) The interview process shall be well planned and the interviewers have the relevant experience and knowledge about child protection and best practice;
- (xvi) Up to three references including some from previous employees or others who have knowledge of the candidate's experience and suitability to work with children shall be taken and the identity of referees shall be verified;
- (xvii) As many background checks as possible shall be conducted;
- (xviii) The use of probationary periods of employment to ensure suitability once in post shall be considered.

g. GAIN encourages all GAIN Partners working directly with Vulnerable Persons and, in particular, with children, to assess the possible ways that children come into communication contact with staff, and to decide what guidance they need to follow to prevent possible abuse through digital communication such as SMS text, email, internet chat rooms, photo phones, digital cameras etc. GAIN suggests to its Partners to consider developing a code of conduct that includes guidance on good practice and safe conduct through these new technological means.

h. GAIN encourages its Partners working directly or indirectly with Vulnerable Persons, and in particular with children, to foster and implement guidance for staff responsible for events/activities involving children in a development context.

14. SELF-ASSESSMENT TOOL KIT AVAILABLE FOR GAIN's PARTNERS

GAIN encourages its Partners, in particular those working directly with children, to use the Civil Society Challenge Fund (CSCF) Child Protection Self Audit Tool developed to measure where the organization stands in meeting the standards on making children safe, and where it may need to improve. The tool is annexed to this Policy as Annex 1.
