Presents

7th Annual NUTRITIONTM SUMMIT INDIA — 2022 —

28 - 29 April 2022

Holiday Inn Mumbai International Airport

Sharing strategies, regulatory updates, innovation and technological advancements for the nutraceuticals, functional foods, dietary supplements and health foods industry.

In Association With

THOUGHT LEADERS

Amit Srivastava,
Founder and Chief Catalyst, **NUTRIFY TODAY**

Arun Om Lal,
President: Corporate Affairs and Communications, **Hexagon Nutrition Ltd.**

Dr. Alka Walavalkar,
Founder, **Resonance L Nutrition**

Dr. Balkumar Marthi,
HOD New Product Development- Nutrify Today Academy, **Associate Dean of GITAM University**

Dr. Bhavna Sharma,
Head – Nutrition Science Division, **ITC Ltd.**

Dr. Chetan Mehndiratta,
Head Medical Affairs - SAR, **Signutra Inc, USA**

Dr. Madhavi Marathe,
Senior Manager, Healthcare Nutrition Science, **Danone India**

Dr. Nandan Joshi,
Head Medical Affairs - Nutrition, India and Emerging Markets, **Dr. Reddy's Laboratories**

Dr. Neerja Hajela,
Head - Science and Regulatory Affairs, **Yakult Danone India Pvt. Ltd.**

Dr. Sadanand Kulkarni,
Head- Medical, Regulatory, Vigilance, Quality, **Fresenius Kabi India Pvt. Ltd.**

Dr. Sanjay Gupta,
Principal Investigator and Scientific Officer 'G', **Epigenetics and Chromatin Biology Group, CRI-ACTREC, Tata Memorial Centre**

Dr. Tariq Jagmag,
Scientific Advisor, **Glowderma Lab Pvt. Ltd.**

Dr. Vaibhav Kulkarni,
Global Chair - International Life Sciences Institute Board Assembly (ILSI), **Hon. Secretary - Health Foods and Dietary Supplements Association (HADSA)**

Dr. Vivek Srivastava,
Vice President - R&D and Operations, **Esperer Onco Nutrition**

Ishank Gorla,
Programme Lead, **Global Alliance for Improved Nutrition (GAIN)**

Prof. Sirimavo Nair,
Professor, Dept. of Foods and Nutrition, **The Maharaja Sayajirao University of Baroda**

Priya Karkera,
Senior Manager Nutrition Health and Wellness Projects, **Nestle India**

Naaznin Husein,
National Executive Committee Member, **Indian Dietetic Association**

Swapnil Wani,
General Manager- Business Development, **Piramal Nutrition Solutions**

Varsha Mishra,
Deputy Director, **National Accreditation Board for Certification Bodies (NABCB) | Quality Council of India**

CONCEPTUALIZED BY

OVERVIEW

The nutraceuticals market in India is expected to grow from \$ 4 billion in 2017 to \$ 18 billion in 2025 in the backdrop of rising demand for dietary supplements from upper and middle class. Dietary supplements, which constitute over 65 percent of the Indian nutraceuticals market, include commodities such as macronutrients, herbal and non-herbal extracts.

Increasing health consciousness and improved incomes and standards of living has boosted the growth of the nutraceuticals markets in India, making it one of the fastest growing segments. The dietary supplements market in India is valued at USD 3924.44 million in 2020 and reports say that it will reach USD 10,198.57 million by 2026. It puts the industry at a 22 per cent growth rate year on year.

In its 7th year, the **Nutrition Summit** is one of India's premier dedicated conference that provides a common platform for the industry and other stakeholders to come together to discuss the key challenges, learn from the best practices adopted across the continent with focus on compliance, regulatory guidelines and the latest innovations.

KEY CONFERENCE FOCUS AREAS:

India nutraceuticals market outlook
2022

Women's health and lifestyle

Protein and CVDs; The best protein
for your heart

Upcoming ingredients in the
nutraceutical space

Advances in paediatric nutrition

Nutrition therapy for long COVID

WHO SHOULD ATTEND:

Industries:

Herbal/Nutraceutical product manufacturers
Food & Beverages
Functional Food & Ingredient companies
Pharmaceutical companies
Regulators
Food processing industries
Accreditation/Certification/Inspection Bodies
Biotechnology companies, Naturopathy centers
Raw materials & Technology providers
R & D institutions

Functions:

Research & Development
Regulatory Affairs
QA/QC
Strategy
Food Safety
Product Development
Technical & Analytics
Nano Materials & Application Technology
Food Engineering
Nutrition and Public health professionals

EXHIBITION, MEETING AND PROMOTION OPPORTUNITIES

Sponsoring or exhibiting at 7th Annual Nutrition Summit Asia 2022 is an excellent way to promote your business to a highly targeted group of key decision makers from nutraceuticals, functional foods, dietary supplements and health foods industry.

WHAT CAN SPONSORSHIP DO FOR YOU?

ENTER NEW MARKETS:

Exhibiting is one of the most cost-effective and time-efficient ways of opening up a window to a wide section of buyers.

POSITION YOUR COMPANY'S BRAND:

Showcasing your company at leading industry events establishes your company, in the eyes of your prospect or existing client.

NEW SALES LEADS:

Only the most senior-level decision makers attend our conferences, connect with them in a pressure free, collaborative environment by showcasing your services either by exhibiting or taking part in the programme

UNVEIL NEW PRODUCTS OR SERVICES:

Draw attention to your products and brand by using this conference as a launch pad for new products or services

BUILD CUSTOMER LOYALTY:

Face-to-face contact at conferences shows continued support of a market and helps you to develop client loyalty as well as cementing your position as a market leader.

BROKERING NEW BUSINESS PARTNERSHIPS:

Target your best prospects in a positive, collaborative environment where they are open to new ideas. Attendees are always looking for exciting new partnering opportunities. Our conferences offer you an ideal opportunity to make contact and future business.

WHY CHOOSE OUR EVENTS?

As conference experts, we know how best to utilise events to promote, develop and generate business for our clients. To find out more about how you can make the most of your participation at this event, Contact:

Karan Tandon, Senior Sales Director - Asia Pacific, **Phone:** +91 022 4002 3917 | **Mobile:** +91 97696 48855 |

GLIMPSES FROM PREVIOUS EDITIONS

TESTIMONIALS FROM PREVIOUS EDITIONS

Nandan Joshi,
Head - Nutrition & Medical Affairs,
Danone India

Wonderful conference! I heard new topics & new speakers. Good mix of academic & industry speakers

Shweta Khandelwal,
Associate Professor,
Public Health Foundation of India (PHFI)

This summit gives an opportunity to access large body of evidence in form of short informative talks from experts. Important to network with all kinds of valuable stakeholders

Raghuram A. S.,
GM - R&D,
MTR Foods

Nice organisation of summit with good speakers

Pawan Kamra,
MD,
Nutraceutex

Right platform for all kind of nutraceutical players

Suhas Wadwalkar,
Director,
Ishaana Nutraceuticals

An excellent platform to interact and learn from the experts & leaders in the industry

D. N. Bhise,
Vice President,
Sayaji Ingritech

One of the best platform to exchange knowledge & select friends across the globe

Jitender Chotani,
General Manager,
G.S.Pharmaceuticals

Very well covered list of topics & speakers

Vishwajit Karandikar,
GM - Clinical Nutrition,
Fresenius Kabi

This is a conference dedicated to regulatory, manufacturers, marketers, developers etc

Pramod Pillai,
Marketing Director,
Signutra Inc. USA

I would not like to miss even one nutrition summit. Have been regular in all 4 summits conducted till date. Awesome agenda and content planned. Keep it up!

Meena Sharma,
Head - Quality Assurance (Confectionery),
DS Group

I was hesitant to spare 2 days for a summit considering it's a usual conference but I found it very informative as an industry professional

Harish Kapoor,
General Manager,
Associated Capsules

Excellent information was covered

08:15 **Registration and coffee**

08:50 **Welcome note by Inventicon Business Intelligence**

09:00 **Key note Session: India nutraceuticals market outlook 2022**

- India nutraceuticals market segmentation by dietary supplements, and functional foods & beverages and distribution channels
- Major trends and developments
- Broadly identify opportunities for growth across the value chain

Dr. Vaibhav Kulkarni, Global Chair - International Life Sciences Institute Board Assembly (ILSI), **Hon. Secretary - Health Foods and Dietary Supplements Association (HADSA)**

09:40 **Digital Biryani - Emergence of Nutraceuticals innovation on demand**

Amit Srivastava, Founder and Chief Catalyst, **NUTRIFY TODAY**

10:10 **Fortification and healthy living – challenges and opportunities**

- Emerging opportunities in LSFF
- Navigating through the changing trends and market landscape

Swapnil Wani, General Manager-Business Development, **Piramal Nutrition Solutions**

10:50 **Coffee and networking break**

11:20 **Panel Discussion: New era of nutraceuticals- research, technologies & applications**

- With the onset of the pandemic there has been an exponential increase of demand for nutraceuticals; Understanding its impact in the long run
- What are the upcoming ingredients and categories to watch out for
- Is the Indian industry mature enough to adopt self-regulations
- Impact on product formulation
- Mega trends shaping growth in the nutraceuticals industry

Moderator

Dr. Balkumar Marthi, HOD New Product Development-Nutrifly Today Academy, **Associate Dean of GITAM University**

Panellists

Dr. Nandan Joshi, Head Medical Affairs - Nutrition, India and Emerging Markets, **Dr. Reddy's Laboratories**

Dr. Vivek Srivastav, Vice President - R&D and Operations, **Esperer Onco Nutrition**

Swapnil Wani, General Manager-Business Development, **Piramal Nutrition Solutions**

Priya Karkera, Senior Manager Nutrition Health and Wellness Projects, **Nestle India**

12:00 **Nutraceuticals: The futuristic resources to tackle malnutrition through food fortification**

Arun Om Lal, President: Corporate Affairs and Communications, **Hexagon Nutrition Ltd.**

12:30 **Investment in large-scale food fortification and biofortification**

- Estimating the burden of micronutrient deficiency in India
- Government mandates for fortified foods
- Working with local small and medium-sized food producers to strengthen local and rural food systems

Ishank Gorla, Programme Lead, **Global Alliance for Improved Nutrition (GAIN)**

13:00 **Luncheon**

14:00 **Panel Discussion: Women's health and lifestyle**

- Nutrition programming for women and adolescents: The future implications-why it matters?
- Bridging the nutrition and health gap -key inputs and its implementation
- Matching public policy intent with intensity, through partnerships and investments in upscaling the nutrition scenario.

Moderator

Prof. Sirimavo Nair, Professor, Dept. of Foods and Nutrition, **The Maharaja Sayajirao University of Baroda**

Panellists

Dr. Chetan Mehndiratta, Head Medical Affairs - SAR, **Signutra Inc, USA**

Dr. Bhavna Sharma, Head – Nutrition Science Division, **ITC Ltd.**

Dr. Alka Walavalkar, Founder, **Resonance L Nutrition**

14:50 **Personalized nutrition - Key trends**

- Navigating the personalized nutrition ecosystem
- The essential role of data in driving personalized nutrition forward
- How should companies in this space best capitalize on this projected growth?
- Exploring sustainable business models–identify your routes to market to maximize profitability

Dr. Bhavna Sharma, Head – Nutrition Science Division, **ITC Ltd.**

15:20 **Coffee and networking break**

15:50 **Food safety and nutrition: Role of conformity assessment and accreditation**

- Role of conformity assessment bodies
- Accreditation ecosystem International and national context

Varsha Mishra, Deputy Director, **National Accreditation Board for Certification Bodies (NABCB) | Quality Council of India**

16:20 **Round Table discussion:**

Participants are free to join which ever theme they are most related to and discuss the current trends and what strategies can be used and implemented. Each participant shares their views and insights on the given theme. Post discussion one of the participants concludes by sharing the points discussed by their respective table with the entire audience.

Table A: Misleading Claims

Table B: Can early nutrition influence obesity risk?

Table C: Lack of dietary diversity & monotonous diet

16:50 **Conference group photograph**

17:00 **End of day one of conference**

08:30	Registration and coffee
09:05	Opening remarks
09:10	Nutrition beyond First 1000 days - Challenges & Opportunities
	<ul style="list-style-type: none"> • Changing dietary patterns among 2+ children • Emerging concerns like childhood obesity, constipation, allergies etc. • It's short term and long term impact • Opportunities for differential innovations in this segment <p>Dr. Nandan Joshi, Head Medical Affairs - Nutrition, India and Emerging Markets, Dr. Reddy's Laboratories</p>
09:50	Impact of diet on the human gut microbiome
	<ul style="list-style-type: none"> • Modulating microbial pathways as a therapeutic strategy • COVID-19, the GI tract, and the microbiome: What do we know today? • Probiotics – outlook for the future <p>Dr. Neeraja Hajela, Head - Science and Regulatory Affairs, Yakult Danone India Pvt. Ltd.</p>
10:20	PCOS solution from FAT to FIT
	<ul style="list-style-type: none"> • PCOS Crisis • Lifestyle Intervention & Management • Guidelines & Recommendations <p>Dr. Chetan Mehndiratta, Head Medical Affairs - SAR, Signutra Inc, USA</p>
10:50	Coffee break and networking
11:20	Panel Discussion: Obesity and weight management; Nutraceuticals in endocrine and metabolic disorders
	 <ul style="list-style-type: none"> • Use in type 2 diabetes mellitus, the metabolic syndrome, obesity, dyslipidaemia and osteoporosis • Role of proteins in controlling obesity and improve energy and performance • MS is a complex web of metabolic factors that are associated with a 2-fold risk of CVD and a 5-fold risk of diabetes <p>Moderator Naaznin Husein, National Executive Committee Member, Indian Dietetic Association</p> <p>Panellists Dr. Madhavi Marathe, Senior Manager, Healthcare Nutrition Science, Danone India</p> <p>Dr. Tariq Jagmag, Scientific Advisor, Glowderma Lab Pvt. Ltd.</p> <p>Dr. Sadanand Kulkarni, Head-Medical, Regulatory, Vigilance, Quality, Fresenius Kabi India Pvt. Ltd.</p>
12:20	Sore Today, Strong Tomorrow; Muscle health - key for wellness & active living
	<ul style="list-style-type: none"> • Role of muscle health in wellness and active living • Nutrition and lifestyle changes for muscle health <p>Dr. Madhavi Marathe, Senior Manager, Healthcare Nutrition Science, Danone India</p>

12:50	Luncheon

	 <ul style="list-style-type: none"> • Older adults with chronic illnesses are especially at risk for poor nutrition, which can happen because of bad eating habits, loss of appetite, and decreased access to healthy foods because of limited mobility, money, or time. • Importance of good nutrition for older adults • Warning signs of malnutrition in older adults <p>Moderator Naaznin Husein, National Executive Committee Member, Indian Dietetic Association</p> <p>Panellists Dr. Vivek Srivastav, Vice President - R&D and Operations, Esperer Onco Nutrition</p> <p>Dr. Chetan Mehndiratta, Head Medical Affairs - SAR, Signutra Inc, USA</p>
14:20	Nutrition therapy for long COVID
	<ul style="list-style-type: none"> • Immunopathology effects following the infection • Diet and lifestyle factors that might contribute to recovery from long-COVID symptoms <p>Dr. Sadanand Kulkarni, Head-Medical, Regulatory, Vigilance, Quality, Fresenius Kabi India Pvt. Ltd.</p>
14:50	Coffee and networking break
15:20	Anti-inflammatory, antiviral, antioxidant properties of (novel polyherbal) imusil which enables it to treat covid, long covid and reduces belly fat too
	<ul style="list-style-type: none"> • imusil kills 71 percent of the covid virus in 2 days via its interferon elevating properties • imusil blocks tnf,il 1 and il 6 and is hence useful in treating the cytokine storm of covid • imusil blocks COX2 and hence blocks inflammation • imusil blocks NOX2 and hence is a strong antioxidant which reduces oxidative stress,and improves insulin sensitivity and arterial health <p>Dr. Tariq Jagmag, Scientific Advisor, Glowderma Lab Pvt. Ltd.</p>
15:50	Effects of nutraceuticals on genetic expressions
	<ul style="list-style-type: none"> • Recognizing the interaction of specific nutraceuticals, with the genetic code possessed by all nucleated cells • Nutrigenomics and its impact on lifestyle associated metabolic diseases • Nutrient-gene interaction in life-style associate diseases • Ethical and regulatory issues <p>Dr. Sanjay Gupta, Principal Investigator and Scientific Officer 'G', Epigenetics and Chromatin Biology Group, CRI-ACTREC, Tata Memorial Centre</p>
16:20	End of Conference

SPEAKER PROFILES

Amit Srivastava, Founder and Chief Catalyst, **NUTRIFY TODAY**

Amit is Founder and Chief Catalyst of world's first technology platform nutrifytoday.com that brings together professionals from foodtech, nutraceuticals and pharma OTC sector for creating:

1. Supply chain and market access
2. New product development on demand

3. Upskill education in nutraceuticals and

4. Peer networking.

With over 18000 industry networks on nutrifytoday.com Amit envisions to democratize the nutraceutical business development for research innovators to small to mid size companies across the world. [Nutrifytoday.com](http://nutrifytoday.com) commercialized USD 18 million in last year and envisions to commercialize USD 100 million by 2025. Amit along with industry leaders is working with government in evolving policies that could drive Indian nutraceutical industry from USD 8 billion to USD 100 Billion by 2030. In this journey to achieve this ambition for the country, he has joined the nutraceutical task force under the chairmanship of Principal Scientific advisor to Government of India.

Arun Om Lal, President: Corporate Affairs and Communications, **Hexagon Nutrition Ltd.**

A visionary leader with an outstanding track record of successful business and marketing strategies, Mr. Arun Om Lal has cultivated staunch credibility in the nutraceutical industry. Possessing more than three decades of experience in the consumer durable and nutraceutical industry, Mr. Arun Om Lal is currently

positioned as the President - Corporate Affairs and Communication Of Hexagon Nutrition Limited. After completing his Master's in Marketing Management from Narsee Monjee Institute of Management Studies, Mumbai (1987-1990), he showcased his prowess in building some world-renowned brands. Mr. Arun has contributed to the success of brands like Morphy Richards, Jockey, Evian Natural Spring Water, Himalayan Natural Mineral Water, and Hexagon Nutrition. Mr. Arun's dedication and hard work had been acknowledged in the past as he was rewarded with many awards including "Best Health Care Entrepreneur" in 2016. It was under his guidance that Hexagon Nutrition won the "Best Nutrition Company Award" in 2017 by ASSOCHAM Nutrition, Food and Safety Award. For more than a decade, his work has been focused on the improvement of the nutraceutical industry and addressing the issue of malnutrition by stimulating the food fortification vertical. Mr. Arun Om Lal has been working to deploy strategies to spread awareness about food fortification and bring it to the mainstream food industry. Apart from being a nutraceutical leader, Mr. Arun Om Lal has been elected as ASSOCHAM Co-chairman for Food Processing Industry and Value Addition. He is also a member of CII, FICCI, AIFPA National committees, and the Advisory Board of Centre of Excellence for Food Fortification, NIFTEM which further states his prominence in the food and nutrition industry.

Dr. Alka Walavalkar, Founder, **Resonance L Nutrition**

Dr. Alka Walavalkar, Founder of Resonance L Nutrition, is a Clinical Dietitian & Nutritionist with over two decades of experience. A Certified Diabetes Educator, she believes & works for diabetes reversal through lifestyle interventions. She specializes further in Integrative Health & Medicine from University of Minnesota.

Currently associated with Novoliver (Satya Health Sciences) as Director (Nutrition and Program development) & with Dr. Dalal Healthcentred Diabetes Care. Recipient of Academic Excellence award by hands of Dr. APJ Abdul Kalam in 1996, she has worked with reputed Institutions like Bhabha Atomic Research Centre & Institute of Science. She has been Nutrition partner for Maharashtra Police International Marathon, has organised Wellness Program for Community Health in Mantralaya. She is a columnist and a speaker and has conducted workshops and retreats for corporates & individuals for management of chronic diseases, weight loss and stress reduction. She has presented and published data in national and international journals. She has been interviewed by various radio channels & invited by TV channels for expert bytes. She is a Pinkathon ambassador working for promotion of health & fitness amongst women.

Dr. Balkumar Marthi, HOD New Product Development-Nutrify Today Academy, **Associate Dean of GITAM University**

Balkumar is currently the Dean of the Faculty of Sciences at GITAM University. He also is responsible for the Research & Innovation Function of the University. Building on a strong technical and research foundation in the Biological Sciences, Balkumar has developed

leading capabilities in Food Science & Technology, Food Safety, Risk Assessment, Biotechnology & Sustainability. He has served for 25 successful years in Unilever R & D, in India and the Netherlands – 13 of them in senior management as a Director

of R & D. As R & D Director in the Foods R & D Organisation in the Netherlands, he has gained a great deal of expertise in management of the innovation process and in bringing ideas to market. As part of the Leadership Team in Foods Research, he was responsible for setting the strategic direction for R & D & Innovation. He has also led activities to build bridges with the external scientific world as well as Government and Civil Society to drive strategic R & D and policy agendas. He has been a Senior Advisor in the external scientific world as well as Government and Civil Society and has helped drive strategic Foods R & D and policy agendas – at the Dutch National Level and at the European Union Level. He has been very active in Sustainability-linked technical challenges and have represented Unilever on EU Programme Committees in Bio-based materials, Genomics, Food Science, Food Safety. His vision for the future is to create a compelling long-term strategic framework for GITAM's Research & Innovation ambitions, and develop a world-class Academics, Research, Innovation & Entrepreneurship Continuum that will drive the future growth of the University. As Director of the CHWI, he is charged with setting up the overall Research & Innovation strategy – based on the principles of "Responsible Nutrition" for the Centre and launch the activities of the Centre. The Centre's key purpose to develop an integrated, holistic approach to provide Nutrition solutions that foster Health and Well-being. He also teaches Entrepreneurship and mentors students and professionals on a regular basis.

INVENTICON

BUSINESS INTELLIGENCE

Inventicon stands for Industries + Events + Ideas + Concepts. Inventicon Business Intelligence is the end result of a decade long effort by the founders in the space of business information. We develop sector focused informational conferences and training workshops. Our conferences revolve around current scenarios and opportunities in the global market place and provide timely opportunities for solution providers to meet their target market and for end users to take back key learning and experiences. Our events act as a point of convergence for senior industry professionals who strive for innovation, strategy and commercial drive. Delegates can expect to hear from industry's best practitioners, get in direct contact with regulators and stimulate high level discussions with peers. The training portfolio is dedicated to developing skill sets around complex workplace and functional issues as they need constant honing. Our in-house training offerings are particularly useful for companies who prefer a customized agenda.

The bespoke events portfolio aims at crisp round table discussions involving a targeted group of end users in a multi-city format. In true sense, we aspire to disseminate critical business intelligence to the rapidly growing corporate and institutional world in the country and not limited to a specific sector.
