I. PROJECT BACKGROUND AND SCOPE OF WORK

1. ABOUT GAIN AND THE SUN BUSINESS NETWORK (SBN)

The Global Alliance for Improved Nutrition (GAIN) is a Swiss-based foundation launched at the UN in 2002 to tackle the human suffering caused by malnutrition. Working with both governments and businesses, we aim to transform food systems so that they deliver more nutritious food for all people.

At GAIN, we believe that everyone in the world should have access to nutritious and safe food. We work to understand and deliver specific solutions to the daily challenge of food insecurity faced by poor people. By understanding that there is no “one-size-fits-all” model, we develop alliances and build tailored programmes, using a variety of flexible models and approaches.

We build alliances between governments, local and global businesses, and civil society to deliver sustainable improvements at scale. We are part of a global network of partners working together to create sustainable solutions to malnutrition. Through alliances, we provide technical, financial and policy support to key participants in the food system. We use specific learning, evidence of impact, and results of projects and programmes to shape and influence the actions of others.

Headquartered in Geneva, Switzerland, GAIN has representative offices in Denmark, The Netherlands, the United Kingdom, and the United States. In addition, we have country offices in Bangladesh, Ethiopia, India, Indonesia, Kenya, Mozambique, Nigeria, Pakistan, and Tanzania. Programmes and projects are carried out in a variety of other countries, particularly in Africa and Asia.

In 2010, the Scaling Up Nutrition (SUN) Movement was launched to support national leadership and collective action to scale up nutrition. The SUN Business Network (SBN) is one of the four global networks that support SUN countries (along with UN, Civil Society and Donor Networks). It is convened by the Global Alliance for Improved Nutrition (GAIN) and the UN World Food Programme (WFP) and further supported by an Advisory Group comprised of senior business leaders.

The SBN aims to reduce malnutrition in all its forms through mobilising business to invest and innovate in responsible and sustainable actions and operations. To do this SBN provides a neutral platform to broker partnerships and collaboration between business and all actors on nutrition at national, regional and global level to support SUN Country plans. We believe that when consumers demand improved nutrition, business will act, and national economies will grow. The SBN currently gathers more than 650 members - mostly Small and Medium Enterprises (SMEs) - at global level and in its national networks established in 18 emerging countries.

2. BACKGROUND

The Global Alliance for Improved Nutrition (GAIN) is issuing this Request for Proposal (RFP) and will be the administrative lead organisation for this RFP.

The purpose of this RFP is to engage services of a Service Provider to support the delivery of business to business technical assistance to the finalists of the SUN Pitch Competition 2019-2020.

The SUN Pitch competition 2019-2020

The SUN Pitch Competition, organised by the SBN, harnesses innovative solutions for improved nutrition by connecting SMEs in emerging markets with technical assistance and investment opportunities. The Global SUN Pitch Competition 2020 will take place as a virtual event at the end of July and will showcase the top 21 entrepreneurs shortlisted from National SUN Pitch Competitions in 2019.
Through the SUN Pitch Competition, the SUN Business Network aims to showcase a deal flow of nutrition related investments from SMEs that can catalyse innovation in local food systems and improve the affordability and accessibility of nutritious and safe foods for low income consumers across Africa and Asia. Nutrition is both a maker and a marker of sustainable development and is directly embedded into 12 out of the 17 Sustainable Development Goals (SUN UN Network, “Unpacking the Links between Nutrition and the SDGs”).

The SBN Business to Business (B2B) Technical Assistance Platform

The SUN Business Network gathers SBN Global Members and members of SBN Country Networks based in the 61 SUN countries that want to support better nutrition for their consumers, their workforce and the societies they operate in. To support members of SBN Country Networks in providing safe nutritious food, the SBN facilitates the delivery of multifaceted B2B technical assistance programmes around fortification, product reformulation, food safety, nutrition labelling, affordability, financial inclusion, marketing and additional specific expertise owned by SBN Global Members.

3. SCOPE OF WORK AND DELIVERABLES

The successful applicant shall support the delivery of B2B technical assistance to the 2019-2020 SUN Pitch competition finalists for a 2-month period between August and September 2020. The consultant will be supervised by and work closely with GAIN/SBN Manager for Global Partnerships and will need to engage with a wide range of external stakeholders. The consultancy requires active outreach to and engagement with the SUN 2019-2020 Competition finalists. The consultant is not expected to conduct any travel for this work.

3.1. OBJECTIVES

GAIN/SBN are seeking to engage a consultant to support the delivery of B2B technical assistance to SUN Pitch Competition Finalists. Between August and September 2020, the consultancy will focus on:

- Ensuring that B2B technical assistance quality requests are submitted by all the participants including the prioritization of technical assistance needs.
- Documenting ongoing B2B technical assistance support (summaries, pictures, quotes…).

3.2. DELIVERABLES

As outlined in the table below, the consultant is expected to complete and submit the following deliverables against the indicative time schedule. A detailed time and payment schedule will be agreed upon with the consultant prior to signing the contract and grant agreement.
