About GAIN

The Global Alliance for Improved Nutrition (GAIN) is an alliance driven by the vision of a world without malnutrition. Created in 2002 at a Special Session of the UN General Assembly on Children, GAIN supports public-private partnerships to increase access to the missing nutrients in diets necessary for people, communities, and economies to be stronger and healthier.

About the Nutrition Impact at Scale (NIS) program

The program is working with enterprise support organizations in six African countries who are providing business development support to SMEs in agribusiness. GAIN is availing tools and resources to facilitate enterprise support organizations to better provide technical assistance, trainings, convenings and B2B mentorships to the members in their networks.
