I. PROJECT BACKGROUND AND SCOPE OF WORK

ABOUT GAIN

The Global Alliance for Improved Nutrition (GAIN) is a Swiss-based foundation launched at the United Nations in 2002 to tackle the human suffering caused by malnutrition. Working with governments, businesses, and civil society, we aim to transform food systems so that they deliver more nutritious foods for all people, especially the most vulnerable.

At GAIN, we believe that everyone in the world should have access to nutritious, safe, and affordable food. Today, one in three people - drawn from nearly every country on the planet - are unable to consume enough nutritious food. We work to develop and deliver solutions to this daily challenge.

Headquartered in Geneva, Switzerland, GAIN has offices in countries with high levels of malnutrition: Bangladesh, Benin, Ethiopia, India, Indonesia, Kenya, Mozambique, Nigeria, Pakistan, Rwanda, Tanzania, and Uganda. To support work in those countries, we have representative offices in the Netherlands, the United Kingdom, and the United States.

ABOUT N3F

Small- and Medium-Enterprises (SMEs) are the backbone of many food systems and are essential for ensuring access to nutritious, safe foods, especially for lower-income consumers. However, they face significant barriers to growth, largely because they lack reliable access to finance and their leaders may have limited managerial or technical skills.

According to the IFC (International Finance Corporation), the estimated global gap in SME funding is $5.2 trillion. Without sufficient access to financial services, SMEs are unable to expand operations and market reach, enhance the nutritional value of their products, improve on their food safety standards or start working more sustainably. To reach the nutrition targets of SDG 2 on ‘Zero Hunger’ and ensure that all people can afford a healthy diverse diet, innovative methods of resource mobilization that focus on nutrition and SMEs are needed. The Nutritious Foods Financing Facility – N3F – is an innovative blended finance approach that aims to overcome the SMEs’ constraints by providing financial support and building technical capacity within SMEs that produce foods available to lower-income consumers in Sub-Saharan Africa (SSA).

The Nutritious Foods Financing Facility (N3F) programme has three main components:

- **The N3F fund**: an impact-first fund with consumer nutrition at its core and a blended finance structure, which will provide debt financing to SMEs providing safe and nutritious foods to local consumers in sub-Saharan Africa. Managed by Incofin investment management (Incofin), with GAIN providing nutrition expertise.

- **Technical Assistance**: provision of technical assistance (TA) to the fund's investee SMEs focusing on 1) general business management practices, to support SMEs to becoming more efficient and financially sustainable, such as business planning and strategy development; and 2) impact enhancement and food safety, such as product formulation, labelling and supply chain strengthening, to ensure, improve and oversee SMEs’ nutrition impact, as well as gender equality and environment. Through this technical assistance, the n3f aims to help SMEs reach their potential and become more effective and efficient, thereby increasing their ability to serve domestic markets. Managed by gain.

- **Monitoring, assessment, and learning**: this component will focus on convening and influencing stakeholders, knowledge dissemination and the development and validation of metrics for targeting nutrition-sensitive investments. Managed by GAIN.
The technical assistance and monitoring, assessment and learning component are managed by GAIN and grant-funded separately from the N3F fund.

ASSIGNMENT BACKGROUND

The Global Alliance for Improved Nutrition (GAIN) is issuing this Request for Proposal (RfP) and will be the administrative lead organisation for this RFP.

At the start of the year, N3F successfully secured $11.5 million in funding from a consortium comprising the United States Agency for International Development (USAID), the Swiss Agency for Development and Cooperation (SDC), GAIN, Incofin, and private foundations, with a capital structure featuring various share classes reflecting differing risk-return expectations. With an open-ended structure, N3F is ambitiously aiming to raise $60.0 million within a three-year timeframe. The fundraising efforts are bolstered by dedicated teams from GAIN and Incofin, who not only allocate substantial hours to fundraising but also engage in pipeline development, provide technical assistance support, facilitate reporting, and undertake various other fund management tasks to ensure the success of N3F’s mission.

The purpose of this RfP is to engage the services of a communication fundraising consultant to assist GAIN and Incofin in fine-tuning the N3F pitch deck and storytelling in preparation to a successful fundraising scale-up. This application is open to any location.

SCOPE OF WORK AND DELIVERABLES

1.1 OBJECTIVES

The successful applicant shall provide the following services:

- Review the existing communication materials and scope of N3F.
- Fine-tune N3F’s communication materials (mostly PowerPoint documents): rethinking N3F’s storytelling to reach potential investors.
- In collaboration with GAIN and Incofin’s teams, design a communication strategy leveraging key terms and messages for N3F to successfully communicate with potential investors, according to the relevant impact thematic areas beyond nutrition (i.e. gender, climate, etc.).

1.2 DELIVERABLES

Development of enhanced PowerPoint documents that effectively convey N3F’s story to potential investors (including N3F pitch deck as well as teaser materials, etc.)

Timeline of deliverables: THE ENGAGEMENT IS EXPECTED TO COMMENCE BY JUNE 2024 AND IS ANTICIPATED TO BE COMPLETED BY JULY 2024.

COMPETENCIES

The consultant shall be an individual consultant or institution with the following expertise:

- Proven experience in conducting similar consultancy assignments.
- Availability – candidates who are available immediately will be prioritised due to internal needs.
- Demonstrated experience in storytelling, fundraising, development, or related roles, preferably in the impact sector.
• Excellent written and verbal communication skills, with the ability to craft compelling proposals, outreach materials, and presentations.

• Ability to manage multiple priorities and deadlines effectively.

• Fluency in English.

EXPECTATIONS FROM APPLICANTS

The successful applicant will:

• Work closely with the N3F team and in-country team throughout the duration of the work. A lead contact will be designated for regular communication and monitoring of deliverables.

• Meet with representatives from GAIN and Incofin shortly after the contract is awarded, following which a work plan will be developed detailing the objectives, deliverables, timelines, and budget for each of the parts outlined in the Scope of Work.

• Meet with GAIN and Incofin regularly during the Project as well as at the request of GAIN and Incofin.

• Submit deliverables according to the work plan's agreed-upon schedule.

• Technical applications should not be longer than 15 pages, including cover page. All supporting documents should be included in the annexes.

II. INSTRUCTIONS FOR RESPONDING

This section addresses the process for responding to this solicitation. Applicants are encouraged to review this prior to completing their responses.
