I. RESPONSES TO PROPOSAL QUERIES

1. WHERE ARE THE THREE BUSINESSES LOCATED, AS THIS WOULD HELP TO ESTIMATE THE EXPENSES/NEED FOR INTERNAL FLIGHTS REQUIRED FOR THE PROJECT?

The businesses that received support for Cold Rooms, Refrigerated Vehicles and support Returnable Plastics Crates from PLAN are located in various different parts of Nigeria. The selection of the three businesses that will be included in the study has not yet been made, so please include in your total budget an estimated travel budget allowing travel to three different cities within Nigeria from your home base.

2. IS IT POSSIBLE TO GIVE GUIDANCE ON HOW THE EVALUATION CRITERIA WILL SPLIT BETWEEN THE TECHNICAL AND FINANCIAL PROPOSALS?

The technical quality of proposal will be assigned a weight of 80%.
The financial proposal will be assigned a weight of 20%.

3. IS IT POSSIBLE TO PROVIDE AN INDICATIVE BUDGET AVAILABLE TO COMPLETE THE PROJECT?

We are not able to propose an indicative budget to complete the project. Instead, we want the consultant to propose a budget that is a good value for money and an appropriate price for the scale of the work to be undertaken and completed by May 31, 2020.

4. WOULD YOU BE ABLE TO GIVE AN INDICATION ON THE NUMBER OF CONSULTANT DAYS YOU HAD IN MIND FOR THIS PROJECT?

We do not have a specific number of consultant days yet allocated for this project, as this will depend on the consultant and his or her ways of working. We expect the consultant to budget the number of consultant days required to complete this work by May 31, 2020.

5. WE ARE CONSIDERING A TEAM WHICH WOULD CONSIST OF ONE MAIN CLIENT CONTACT AND ANOTHER FINANCIAL EXPERT FROM OUR TEAM SUPPORTING THE PROJECT ALONGSIDE.
ARE YOU LOOKING FOR ONLY ONE INDIVIDUAL OR ARE CONSULTING TEAMS ALSO ACCEPTED TO APPLY FOR THE PROJECT?

We are looking for one main consultant. However, the main consultant can be supported by one or two other people with specific qualifications required to carry out this work.
