1. GENERAL

The Global Alliance for Improve Nutrition (GAIN) is an independent non-profit Foundation created under Article 80 of the Swiss Civil Code, and is registered with the Geneva register of Commerce under statutes dated March 26, 2003.

The Foundation has been established to support food fortification and other sustainable nutrition strategies in order to save and improve health, productivity and cognitive function. In pursuing this objective, the Foundation intends to improve the micronutrient status of individuals living in developing countries, contributing to the following goals:

- Reduce child and maternal morbidity and mortality ;
- Improve productivity ;
- Promote the ability of populations to achieve their physical and intellectual potential ;
- Reduce healthcare costs.

In order to attain these goals, the Foundation shall support developing countries in food fortification efforts, undertaken in the context of broader micronutrient strategies that will reduce micronutrient malnutrition in developing countries, particularly through increased consumption of micronutrient-rich foods.

The Bill and Melinda Gates Foundation and certain governments and other contributors have made available initial resources to support the projects and programs to be supported by GAIN.

These resources are managed by the International Bank for Reconstruction and Development (World Bank) via a Trust Fund administered by the World Bank as trustee on behalf of GAIN.

The initial projects satisfactorily appraised by the World Bank and approved by the GAIN board of Directors shall be administered and supervised directly by the World Bank in accordance with the written agreement between the World Bank and GAIN. With respect to each such project, the World Bank shall, as administrator on behalf of GAIN, enter into a grant agreement with the recipient of such grant. The World Bank shall solely be responsible for the supervision of the project activities under the Grant Agreement. Any other projects approved by the GAIN Board of Directors shall be administered and supervised by the GAIN.

Certain personnel and related coast are provided and managed by the World Bank, and are paid directly from the Trust Fund and are not charged to GAIN.

Donations have also been received directly by GAIN.
